

### **Chapters 3 and 4 Homework**

Do the following problems, all for the United Nations social-indicators data:

Exercise D3.1, for the total fertility rate, GDP per capita, female illiteracy, and contraception.

Exercise D3.3, for the relationship between the total fertility rate and each of GDP per capita, female illiteracy, contraception, and region. (Note: This problem largely overlaps with the previous homework assignment.)

Exercise D4.1, for the total fertility rate, GDP per capita, female illiteracy, and contraception.

Exercise D4.2, for the relationship between the total fertility rate and each of GDP per capita, female illiteracy, and contraception.

Exercise D4.3, for the relationship between the total fertility rate and region.
